

GET Baltic is innovative and unique natural gas trading solutions in the Baltic States and Finland offering Natural Gas Exchange. GET Baltic administrates the electronic trading system for trading spot and forward natural gas products with physical delivery in market areas **located in Lithuania, Latvia, Estonia and Finland**. By providing high quality services, the Company is seeking to contribute to increase in liquidity, competitiveness, and transparency of the wholesale gas market in region.

**READY TO TAKE IN REAL CHALLENGE? THEN YOU ARE THE ONE WE'RE LOOKING FOR!**

## Trading and Business Analyst

Temporary position (2 years contract)

### Key Responsibilities:

- Analyze trading data and prepare reports to internal and external stakeholders
- Prepare and present ad-hoc analytical insights, reports, and documents for ongoing projects
- Contribute to the development of gas exchange and its services for the Baltic-Finnish commodity market
- Support regulatory, infrastructural, and organizational initiatives by assessing, analyzing, developing and documenting solutions for business and client's ideas and functional requirements
- Provide assistance in administering customers within day-to-day operations
- Participate in the team related projects for product launch, internal improvements, system upgrades
- Perform other delegated tasks

### Requirements For Candidate:

- Higher education (in Economics, Finances, Management fields or other)
- Working experience in Energy or Financial sector, or Commodity trading business would be highly desirable
- Strong analytical mindset and passion for details
- Experience in gathering and documenting business requirements (functional and non-functional)
- Excellent spoken and written English
- Proficient in MS Office, especially Excel
- Knowledge of Microsoft Power BI Tool would be taken as an advantage
- Ability and willingness to take ownership of issues and drive appropriate solutions

### We Offer:

- The opportunity to be part of an international company in the energy sector – a growing, modern, innovative industry
- Great opportunity to grow professionally, freedom to make changes and be related to development of energy industry
- Dynamic, interesting environment, positive atmosphere
- Competitive salary and benefits package (trainings, health insurance, etc.), flexible working conditions, possibility to work remotely from home office
- Salary range for this position from 1900 to 2400 Eur (before taxes). The final offer depends on experience and competence. Variable part of remuneration up to 20% depends on results.
